PROFESSIONAL SUMMARY

UI/UX Designer with 1+ year of professional experience creating intuitive and user-focused digital experiences across web interfaces, SaaS products, dashboards, landing pages, and business websites. Skilled in Figma, wireframing, user flows, high-fidelity UI design, information architecture, competitor analysis, and basic design systems. Experienced in collaborating with developers to translate designs into consistent, production-ready interfaces.

PROFESSIONAL EXPERIENCE

UI/UX Designer — KBK Business Solutions Pvt. Ltd. | Hyderabad

June 2025 – Present

- Design web interfaces, SaaS products, dashboards, landing pages, and business websites using Figma.
- Create wireframes, user flows, prototypes, and high-fidelity UI designs for multiple client projects.
- Conduct competitor research and organize content to support usability and clear information hierarchy.
- Collaborate with developers during implementation to ensure designs are accurately translated into functional interfaces.
- Maintain reusable UI components and support visual consistency across digital products.
- Work across multiple projects while adapting layouts and experiences to different business requirements.
